A little bit about our Light Centre Sanctuary

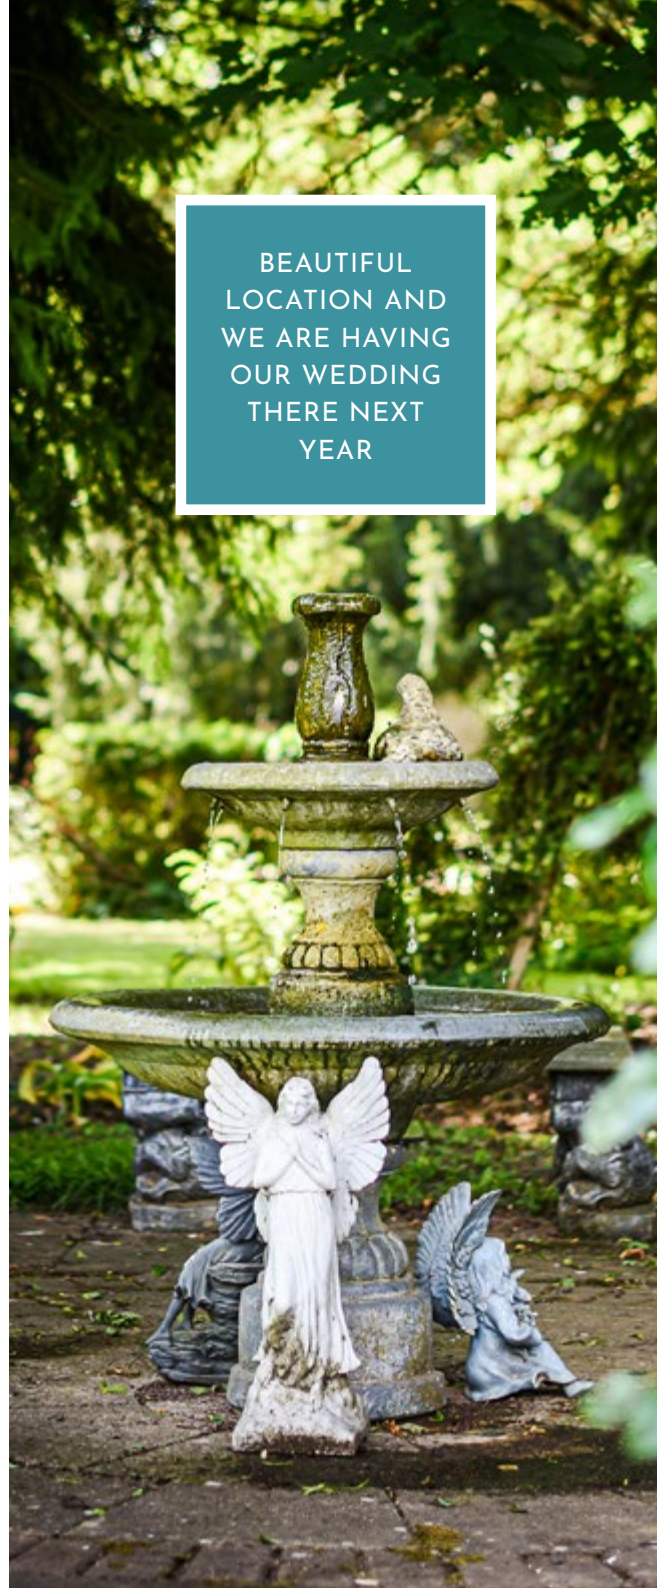

Our Light Centre Sanctuary is the perfect space for couples to commit to each other in peace and tranquility, with family and

friends around them, but it is also a centre for meditation, and today hosts both spiritual and wellbeing sessions - it is a meeting space offering a non-judgmental space.

One of the positive things happening in today's world is a groundswell in grassroots spirituality, a spirituality that is neither competitive nor claiming to be the 'right way', a spirituality that embraces and values a diversity of paths, whilst honouring the universal.

Mangreen enables the deepening of this through its programme of events which include for example; yoga and raki and the addressing of issues like mental health, stress, anxiety issues and wellbeing - both personal and business.
